CURRICULUM

In Writing, we are producing traditional tales and personal recounts. We will continue to look at the Year 5 writing features.

The text we are using to support us is
The Hound of the Baskervilles.

OCEANS

Pupils will explore the five oceans of the world and learn about their key features, including currents, climate zones and marine habitats. They will discover the incredible diversity of ocean life, from microscopic plankton to the largest mammals on Earth, and consider how oceans support life on our planet. The unit will also encourage children to think about human impact, such as pollution and climate change, and how we can help protect our oceans for the future.

In Maths, we will continue with our fractions unit, covering the objectives in the National Curriculum. We will then be moving on to multiplication and division.

In Science we will be covering the topic Forces and looking at gravity and air resistance.

ON FRIDAYS , CHILDREN NEED TO COME INTO SCHOOL WEARING PE KITS. THEY
NEED TO BRING IN A SWIMMING KIT
